

MEKANO 400

Il prodotto della linea Mekano Green compatto nelle dimensioni, ma grande nelle funzioni.

Estremamente versatile, adatto anche agli ambienti più ridotti. Sistema di refrigerazione con serpentina schiumata su 3 lati e foro di scarico interno per la pulizia facilitata, rendono questo strumento particolarmente indicato per la conservazione del pesce fresco. Mekano Green 400 è dotato di un particolare sistema di ventilazione posto sulla schiena dell'armadio che consente di convogliare all'interno della cella un flusso d'aria omogeneo che, pur rispettando alimenti delicati quali il pesce, risulta altrettanto adatto alle esigenze di chi deve conservare impasti pizza o verdure. Accessoriamenti ad hoc, pensati per garantire il massimo comfort in ogni attività, completano le possibilità offerte da questo piccolo grande assistente che, a dispetto delle ridotte dimensioni, garantisce funzioni e optional dei più grandi modelli 700, 900 e 1400 della famiglia. Per chi desidera un prodotto ecofriendly la scelta ideale è il modello Mekano Green PLUS 400 con gas refrigerante R290.

The new product of the Mekano Green line: compact in size, but big in the functions.

Extremely versatile product for the refrigeration, suitable also for small locations. Refrigeration system with foamed coil on 3 sides and the internal water drain plug for an easy cleaning, make this product particularly suitable for the preservation of fresh fish. Mekano Green 400 is equipped with a special ventilation system placed on the back of the cabinet that conveys a uniform airflow, which not only respects delicate foods such as fish, but is also perfect for those who must preserve vegetables or pizza dough. Specific internal fittings, which ensure the maximum comfort in each activity, complete the possibilities offered by this little great helper that, despite of its small size, guarantees all the functions and the optional of the largest models 700, 900 and 1400 in its product family. And for those who are looking for an ecofriendly product the ideal choice is the model Mekano Green PLUS 400 with R290 refrigerant gas.
